

Hi Dee,

Heike M. just left you a review:

Dee has made cakes for two special occasions in my life and both times she has gone above and beyond creating the most delicious creations that were enjoyed by everyone. Every time there are absolutely no left overs, which goes to show you the great taste of everything she makes. Her ability to design whatever you would like is stupendous. I will never go anywhere else for my baked goods including breads and pastry's.
